Dear Brethren:

I have received a mimeographed, signed resolution stating that you declare yourself to be "in a state of confessional protest" and that you no longer consider The Lutheran Church-Missouri Synod to be an orthodox Lutheran body.

Needless to say, I am sorry that you have passed this resolution and would urge you to reconsider. I realize that congregations ultimately have the right to make their own decisions, but I believe that your present decision is a mistake.

I would commend you to continuing concern and prayer in behalf of our Lord's cause in our Synod.

Yours in Christ,

J. A. O. Preus
